

ServiceComponentBuilder

ServiceComponentBuilder

com.example.raptor.Raptor_HiltComponents.ServiceC.Builder

```
graph BT; A[com.example.raptor.Raptor_HiltComponents.ServiceC.Builder] --> B[ServiceComponentBuilder];
```

The diagram illustrates an inheritance relationship. A box at the bottom, labeled 'com.example.raptor.Raptor_HiltComponents.ServiceC.Builder', has a vertical line extending upwards from its center. This line connects to a horizontal line that spans the space between two boxes at the top, both labeled 'ServiceComponentBuilder'. From the left end of this horizontal line, an arrow points upwards to the bottom edge of the left 'ServiceComponentBuilder' box. From the right end of the horizontal line, an arrow points upwards to the bottom edge of the right 'ServiceComponentBuilder' box.
